

ONE YEAR LIMITED WARRANTY

(Valid in USA only)

HoMedics, Inc., guarantees this product free from defects in material and workmanship for a period of one year from the date of original purchase, except as noted below.

This HoMedics product warranty does not cover damage caused by misuse or abuse; accident; the attachment of any unauthorized accessory; alteration to the product; or any other conditions whatsoever that are beyond the control of HoMedics. This warranty is effective only if the product is purchased and operated in the USA. A product that requires modification or adaptation to enable it to operate in any country other than the country for which it was designed, manufactured, approved and/or authorized, or repair of products damaged by these modifications is not covered under warranty. HoMedics shall not be responsible for any type of incidental, consequential or special damages. All implied warranties, including but not limited to those implied warranties of fitness and merchantability, are limited in the total duration of one year from the original purchase date.

To obtain warranty service on your HoMedics product, either hand deliver or mail the unit and your dated sales receipt (as proof of purchase), postpaid, along with check or money order in the amount of \$5.00 payable to HoMedics, Inc. to cover handling.

Upon receipt, HoMedics will repair or replace, as appropriate, your product and return it to you, postpaid. If it is appropriate to replace your product, HoMedics will replace the product with the same product or a comparable product at HoMedics' option. Warranty is solely through HoMedics Service Center. Service of this product by anyone other than HoMedics Service Center voids warranty.

This warranty provides you with specific legal rights. You may have additional rights which may vary from state to state. Because of individual state regulations, some of the above limitations and exclusions may not apply to you.

Instructions for Use

Figure 5

1. First press the "O" button on the control panel to turn chimes on. This button will illuminate to indicate it is on. (Figure 5)

NOTE: Once the chimes are turned on, the fan will operate on and off to simulate the randomness of natural wind. The random length and frequency of the fan will allow the chimes to create everchanging tones for a peaceful and harmonious environment.

Figure 6

2. Press the "+" or "-" buttons on control panel to increase or decrease the amount of time between the chimes. (Figure 5)

NOTE: The higher the frequency the more often the chimes will ring.

3. Unit can be displayed with control panel facing forward (A) or backward (B). (Figure 6)
4. Press the "O" button again to turn off the chimes. The button will no longer be illuminated, indicating that it is off.

NOTE: The chimes have an auto shut-off feature and will turn off after 60 minutes, or one hour.

Caution:

All servicing of this product must be performed by authorized HoMedics service personnel only.
