### A Non-Medical Method for the Treatment of Pain™

- Enhances relief of pain
- Improves blood flow
- Promotes the body's natural healing process

For centuries magnets have been used in other parts of the world to enhance the relief of pain and to aid in the body's natural healing process. Today, studies have shown that magnets may be an effective therapy for the relief of pain. Additionally, it is believed that magnetic fields applied to an injured area improve blood flow and oxygen exchange to enhance the body's natural healing process.

WARNING: Homedics Magnetic Wave Therapy is a non-medical method for the treatment of pain. If you suffer from an injury or an ailment consult a physician for proper medical advice. This product should never be used as a replacement for professional medical treatment.

### Caution – Please read all instructions carefully before applying.

- **If at any time soreness, rash, or an increase in pain occurs, discontinue use and consult your physician.**
- **Only use this product for its intended use as described in the manual.**
- **Do not use this product over an open wound.**
- **Do not use this product with Transdermal Drug Delivery patches.**
- **Individuals with pacemakers should never use this product.**
- **Not recommended for use during pregnancy.**
- **This is not a toy. Children should not use or play with this product.**
- **Magnetic Wave magnets should be kept at least 6 inches away from electronic devices; computers, TV's, video equipment and tapes.**
- **Keep out of direct contact with credit cards and other cards that have a magnetic strip. Should the magnet come in contact with your card, it may demagnetize and render your card invalid.**

## Instructions For Use

1. Remove the Magnetic Wave Therapy Mattress Topper from the box. Unfold it and position it on the bed. The internal padding is made of polyester fiberfill so the topper will lay flat. The quilted side is the top.
2. Position the topper directly on the mattress.
3. Lay any additional mattress protection or pad on top of the mattress topper. Be advised, however, that a very thick pad may diminish the Magnetic Wave power)
4. Install your bed linens as you normally would

**NOTE: There is a top side and a bottom side to the topper. The top is the quilted side. The magnets, which are imbedded beneath the fiberfill, are positioned upward toward the body for maximum therapeutic value.**
